End User License Agreement

The Gentle Allure Character— Trines Studio

This **License Agreement** is a legal agreement between you, the **Licensee**, and Trines Studio, the **Licensor**, for the Character Sprite **Asset Pack** identified as The Gentle Allure— Anime Boy-Next-Door Character Pack.

By accessing, or using the **Asset Pack**, you agree to be bound by the terms of this Agreement.

If you do not agree to these terms, do not use the Assets.

📋 Grant of License

Subject to the terms of this Agreement, the Licensor grants you a **non-exclusive**, **non-transferable**, **worldwide** license to use the Assets.

This license permits use in personal and commercial projects, provided the Assets remain part of a larger creative work.

You may also modify the Assets within your own project for practical production needs and visual integration.

License Type	Permitted Uses
Personal Use	Use in personal, hobby, and non-commercial projects with no additional conditions
Commercial Use	Use in commercial projects (games, apps, videos) provided assets are part of a larger work and don't compete with the original pack
Modifications	Resize, crop, flip, adjust colors, composite with other elements, combine in scenes

🚫 Restrictions

The following uses are strictly prohibited without prior written permission from the Licensor.

These restrictions apply to the original Assets and to any modified versions derived from them.

- **No Redistribution** — Cannot share, distribute, or upload original or modified files to any platform
- **No Resale** — Cannot sell, sublicense, or transfer the asset pack as a standalone product
- **No Derivative Packs** — Cannot create new asset packs substantially derived from these assets
- **No AI Training** — Cannot use assets to train AI models or machine learning systems
- **No Misrepresentation** — Cannot claim original artwork as your own or remove attribution
- **No License Transfer** — License is personal and cannot be transferred to others (team use within single project permitted)

⚠️ **Important Note** — If Source Files (PSD / Procreate files) are included in the pack, they must not be shared with third parties or used to extract base artwork for derivative products. Source Files are licensed for use within your own project only.

✨ Attribution & Credit

Credit is appreciated but not required

If you choose to credit the Licensor, suggested formats include:

This Agreement constitutes the entire agreement between the parties with respect to the Asset Pack and supersedes all prior understandings, agreements, or representations regarding the same subject.

The Licensor reserves the right to update this license for future versions of the Asset Pack. Purchases made under a previous version retain the terms applicable at the time of purchase.

This Character Sprite Asset Pack is an original creative work produced through a human-first creative process. Character concepts, design direction, artistic curation, and final outputs were conceived and executed by Trines Studio. AI tools were utilized as a production aid under full human creative supervision — every expression and output was individually curated and refined to meet the studio's artistic standards.
